Total	132,120	100%		

Note: On November 5, 2011, a Presidential Emergency Board (PEB) appointed by President Barack Obama issued recommendations to resolve the disputes between the nation's largest freight railroads and 11 unions that had not yet reached settlements. Since then, all of those unions have reached agreements with the railroads that follow the PEB's recommendations. To read the PEB report, [click here](#).
